- Proficient with the VueJS framework and its core principles, such as components, reactivity, and the virtual DOM
- Web Technologies: HTML5, CSS3, Sass, AJAX, jQuery, Bootstrap
- Scripting Languages: Javascript, Typescript
- Web Architecture
- Responsive Web Design

Methodology:

- Agile/Scrum Methodology
- Software Development Lifecycle

Tools:

- Version Control Systems: Git, GitHub, GitLab

Other skills:

- Accessibility (A11y)
- Analytical Thinking
- Complex Problem Solving
- RESTful API development

Experience

To The New | NOIDA, Uttar Pradesh
Software Developer
12/2020 - 12/2021

- Drafted custom source code and unit tests using HTML5, CSS, Typescript, JSON, and JavaScript to meet technical requirements.
- Implemented quality technical solutions to align with business requirements, ensuring on-time delivery.
- Conducted full lifecycle software development, from planning to deployment and maintenance.
- Participated in code review meetings, providing input on bugs, inefficiencies, and potential solutions to emergent issues.
- Utilized version control systems such as Git and GitHub to ensure code accuracy and version control.
- Collaborated with UI/UX designers to gather technical requirements for development using Figma as screens.
- Implemented UI/UX technical requirements through writing code using JavaScript or Typescript.

To The New | NOIDA, Uttar Pradesh
Software Developer Intern
02/2020 - 12/2020

- Generated reports, wrote documents and prepared presentations.
- Learned and applied effective SEO practices to enhance development work.

- Built UI components compliant with ADA standards (Accessible Design) and in line with current user expectations.
- Utilized unit testing and other methods to enhance quality.

Education and Training

Douglas College | New Westminster

Post-Baccalaureate Diploma in Computing Studies and Information Systems

Expected in 12/2023

- Major in Emerging Technology
- Completed coursework in C#, Multimedia Web Development, Database I, Data Structures and Algorithms, Software Engineering, UX Design in Web and Mobile App, and Mobile Application Development.
- 3 GPA

Amity University | Noida, Uttar Pradesh

Bachelor's in Computer Science And Engineering

06/2020

Projects

- Developed a professional and eye-catching resume template for myself using JavaScript, Bootstrap, HTML, and CSS. You can view the code for this project on my GitHub page at <https://github.com/vageeshachoudhary/myResume>
- Developed a fully functional restaurant website using HTML and CSS. This project showcases my ability to create visually appealing and user-friendly websites. You can view the code for this project on my GitHub page at <https://github.com/vageeshachoudhary/restaurantWebsite>
- Developed a healthcare application in Android using Java, which can be viewed at <https://github.com/vageeshachoudhary/Healthcare-Mobile-Application>. This project demonstrates my skills in developing mobile applications that deliver valuable features and functionality to users. I was responsible for designing and implementing the application, as well as troubleshooting and optimizing its performance.
- Developed a mobile app prototype for the purpose of UI/UX Design on Figma. You can view the prototype for this project through this link - https://www.figma.com/file/bTf30IRiyu8hJMvB3kVFRC/W23_G4_ReikiSoul?type=design&nodeid=0%3A1&t=SdxgHwIyYiFAO33-1
- Developed a portfolio using HTML, CSS, JavaScript, and Bootstrap that showcases my skills, experience, and education. You can view the code for this project on my GitHub page at <https://github.com/vageeshachoudhary/MyPortfolio>.

With my skills and experience, I am confident that I can contribute to your team and deliver exceptional solutions that meet your clients' needs.

Availability

Start Date - May 1st, 2023

End Date - Aug 31st, 2023

Expected Graduation - December 2023

Note - Available to work full time during the availability.
